

Digitally designed implants, fast turnaround times.

All our products are created in-house using only TGA & ADA materials

Dental Implant Restorations

Cerami-Art Dental Studio at Willetton is the trusted name in dental implant restorations. Catering to dental practices throughout Western Australia, you can rely on our experienced, highly skilled dental technicians to provide you with world-class products and restorations.

Dental Laboratory
Our dental laboratory uses state-of-the-art scanning and digital technology, to create high quality crowns, bridges, veneers and implants. Proudly Australian made, our products are recognised for their strength, comfort, aesthetics and precision fit.

Cerami-Art Dental Studio

You can rely on Cerami-Art Dental Studio, to provide you with turn-around times that suit you and your patient.

For more details, please call us on (08) 9443 3137 or (08) 94433118 and we'll be happy to answer your questions.
